

BANKING

We're taking the money we might have spent on expensive advertising – billboards, stadiums, tv – and we're letting you designate **\$25** of our money to any charity that you choose when you become a customer. You can also make a charitable donation directly from your Money Market account without fees to you or your favorite charity. Visit www.ableBanking.com Frequently Asked Questions section on how to find your favorite charity's Tax ID number.

The charity you choose **must be a qualified 501(c) 3**, but that is our only restriction. We only give one New Customer Gift per customer- regardless of how many accounts you open with us. Your \$25 New Customer gift will expire one year after you become a customer (or as we like to call it "Your ableAnniversary"). Please note that unlike a direct contribution from your account, any ableDollars we give to the charity of your choice are not tax deductible for you.

Your completed form may be emailed to info@ableBanking.com.
